

EBS-TJ-100

SMALL-CHARACTER HIGH-RESOLUTION INK-JET PRINTER

UP TO 0.5" (12.5MM) PRINT HEIGHT

UP TO 290 FT/MIN (90 METERS/MIN) PRINT SPEED

With proven HP cartridge technology and quality, the EBS-TJ-100 is fast, clean, and cost-effective.

High-resolution print quality at speeds up to 290 feet per minute. Any available Windows-based fonts can be used, along with bar codes and images. Variable information and the ability to send external data to the printer in real-time.

Water-, Solvent-, and Pigmented-Based inks are available for nearly any smooth surface.

Low maintenance requirements (up to 16 hours of stand-by time) ensure maximum up-time for your production line.

A solid aluminum frame with patented 'click' system makes cartridge replacement or change-over a "snap".

Thousands of messages per cartridge, and the ability to print whatever you want, make the EBS-TJ-100 an easy choice to save your company time and money, and keeps your production MOVING.

Technical details
